Mr. Armstrong,

As a voting member of the Arboretum and a long time member of the community, I take umbrage with your denial of access.

Since I am a paying Arboretum patron the parking garage directly affects me.

I assume a member of the named groups who is renting is not invited and will be denied access.

You specifically cite "homeowners." This kind of attitude went out with the poll tax.

It is a public meeting on public property heavily subsidized with public funds.

You should reconsider your decision.

Hal Barker

Mr. Barker

The Arboretum appreciates the interest in our efforts to address parking needs for our patrons. This presentation is for home owners in Little Forest Hills, Forest Hills and Emerald Isle neighborhoods and is not open to the public.

Again, thank you for your interest.

Subject: Fwd: Forest Hills - Neighborhood Meeting re: Arboretum Parking

Dear Neighbor

To address the Arboretum's need for additional parking we have begun exploring options for a parking garage to be located on the east side of Garland Rd. at the Arboretum's new north entrance. The Arboretum has hired a talented architectural team to guide us through the design process. At this very early stage of design, we would like to present the architect's scheme to you and any interested neighbor.

We propose meeting the evening of Tuesday June 18, 2013 at 6:00 in Rosine Hall. With this schematic design presentation in front of you we hope to get your feedback and answer any questions you might have regarding the project and the process moving forward. Gloria Tarpley has generously agreed to attend the neighborhood meeting and respond to any questions you might have regarding this project as it relates to City of Dallas processes.

Please let us know if you and your neighbors intend to make the meeting. We look forward to hearing from you.

John,

John T. Armstrong
